Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

CONFEDERATE REUNION.

The seventeenth annual reunion of the United Confederate Veterans assembles in Richmond on Thursday, the first session of the convention being called to order at 9:30 a. m. at the Horse Show building. At the same hour the twelfth annual reunion of the United Sons of Confederate Veterans will be called to order in the city Auditorium and the sessions of the two bodies, with a number of adjunct gatherings, State and brigade reunions, will continue in Richmond for five days, the exercises closing with a grand rally of Veterans, Sons of Veterans, sponsors, maids of honor, memorial associations and United Daughters of the Confederacy at the Horse Show building on Monday evening at 8 o'clock.

As to the notable events of the reunion, the chief popular interest centres around the unveiling of the two great monuments and the two great military and Confederate parades in connection with these exercises.

Those events occur on the opening and closing day of the reunion. The J. E. B. Stuart equestrian figure will be unveiled on Thursday afternoon, after which the parade will reform and move on to Hollywood Cemetery, where the usual exercises of Memorial Day will be observed. The monument in memory of Mr. Jefferson Davis, President of the Confederacy, will be unveiled with imposing ceremonies on Monday, June 3d, after another notable parade, in which a large number of visiting bands of music will take part.

Imposing popular events are arranged for the evenings during reunion week, the veterans joining with the Sons in many of these great occasions.

On Thursday evening at the Auditorium will occur the presentation of all official sponsors and maids of honor to the Sons of Veterans, a most imposing and beautiful ceremony. Friday evening will come the great ball in the Horse Show building in honor of the sponsors, followed by fireworks and entertainments at Idlewood.

On Saturday evening Governor Swanson will receive at the Executive Mansion, and at the Auditorium building an entertainment will be given to veterans, sons of veterans and sponsors by Polk Miller, assisted by other southern talent.

Sunday evening comes the great sacred concert, given by a chorus of over 600 voices, composed of the Wednesday Club, the members of the Richmond High School, many of the church choirs and other musical people. The concert will be held in the Horse Show building, and will probably be one of the finest musical productions ever given in Richmond.

Monday evening will come a grand rally at the Horse Show building, in which farewells will be said, and the great gathering break up. Part will be taken in this meeting by veterans, sons of veterans, sponsors, maids of honor, memorial associations and members of the United Daughters of the Confederacy.

Serious Conditions In Cuba.

On Saturday Lieut. A. J. Dougherty, of the Twenty-eighth Infantry, stood off a mob of strikers in Havana with a six-shooter. He, Colonel Lora, of the rural guards; Governor Perez and the chief of police were riding in a carriage when a mob stopped the vehicle and attempted to seize the chief of police. Lieutenant Dougherty drew his revolver and forced the men to retire. He told the strikers that the chief of police was in charge of an American officer and they could not have him.

The strike situation at Santiago is tense. If the attempt at arbitration fails there are very grave fears as to the outcome of the trouble. Six hundred men from the Daiquiri mines have entered Santiago and joined the strikers. Vessels in the harbor attempting to use their crews for discharging have been prevented by the strikers.

The business district of Havana is being guarded by 500 members of the Rural Guard. Many rifle shots were exchanged with rioters yesterday, but no one has been reported killed.

Open threats to burn property are being made, and, with this approach to anarchy, many citizens of Santiago are arming themselves. They declare the situation to be unbearable.

Business is absolutely paralyzed. Bakery wagons are sent through the streets guarded by the Rural Guard. No meat has been received in the city for two days. The crew of the steamer Austin yesterday refused to discharge that vessel, and consequently Robert Alexander, quartermaster captain of the Eleventh Infantry, unloaded the perishable material from the steamer with a squad of American soldiers. There are large quantities of perishable supplies on board the steamers in port.

The cigarmakers of Santiago will go on strike today, and practically all the laborers in the city and in the vicinity are striking.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off, "writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr King's New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Queen Tele.

One of the oldest relics in the world will arrive in New York in a few days, having been shipped from London last week. This is the alabaster mold of the head of Queen Tele, one of the most famous and most interesting of the Egyptian queens, whose tomb and mummy were recently discovered by Theodore M. Davis, who is now regarded as one of America's greatest archeologists. This mold was found in Queen Tele's tomb, where it was placed 1800 B C. It will be seen hereafter in the drawing room at The Reef, Mr. Davies' home, at Newport.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAY 28, 1907.

REPORTS come from Chicago that the railroads may discharge between 50,000 and 100,000 men by the end of the first week in June. This does not take into account the large number of dismissals because of extensions and other improvements abandoned. Orders were recently issued for the strictest economy and the reduction of forces to the lowest possible point. The New York Central is to reduce some pay-rolls fully one-third. If the order were carried out literally in all departments, 50,000 employees on this system alone would be discharged. The heaviest cuts will be in the operating departments, shops and among the clerks. A number of men employed in the Southern Railway shops in this city have been laid off during the past few weeks, and it is rumored that the bulk of repair work is to be done in future at Monroe and at other places on the line of the road. The railroad companies are giving certain reasons for these wholesale discharges, none of which seems to be the real cause. It is said by some officials that the object is to curtail expenses during the coming summer when traffic, they say, is light, notwithstanding the fact that the roads are taxed to their greatest capacity during the summer to move fruits and vegetables, and fertilizer at the close of the summer.

SEVERAL years ago, at a time when there were ten cavalry regiments, it was said by an official of the War Department that of ten colonels of cavalry there wasn't one who could sit in a saddle. They were all very close to the retiring age and every one of them had serious physical ailments which would have made it impossible for him to take the field, though in the piping days of peace it wasn't deemed necessary to retire them for disability. Evidently the President has an idea that some such condition exists again, or is impending, for he has issued instructions to the War Department to have the riding capacity of the higher ranks of mounted officers severly tested at regular intervals. The terrible prospect of fifteen miles in the saddle, of which five are to be at a trot and five at a gallop, says the Philadelphia Record, will drive the superannuated and the valetudinarian majors and lieutenant colonels and colonels into voluntary retirement. This is an adminisration of athletic young men.

THIS is the year of the "thirteen year" locust and the southern and western States are likely to be overrun with the insect, according to the Department of Agriculture. As a comfort to farmers, however, the department has issued a statement, saying, among other things, that fear for the safety of shade trees and orchards from the pest is unwarranted. The actual damage is slight, according to the department, in the case of newly planted orchards and nurseries. Trees thoroughly sprayed with a lime wash are apt to be immune. The most reliable method of protecting nurseries is by collecting the insects in bags or umbrellas from the trees in early morning or late evening, when they are somewhat torpid. The first record of this brood relates to its occurrence in 1803 and it has been recorded at every thirteen year period since that year to the date of last appearance in 1894.

JUDGE LANDIS, in Chicago, has formally recognized Deacon John A. Lewis as the legitimate successor of John Alexander Dowie, the late founder of Zion City, thus virtually removing Wilbur Glen Voliva from the leadership. At the same time it was announced that some of Voliva's strongest supporters had renounced him, and a movement is on foot to read him out of the church. With dissentions within and troubles without the days of the Zionists seem to be numbered.

THE FALL in railroad stocks and the rise in prices of grain are causing considerable comment. The Philadelphia Record says: Prices of railroad shares and of staple commodities play see-saw. When one goes up the other goes down. A prospect of a short crop sends wheat or corn or cotton up. But a short crop means less business for the railroads, so the same crop indications send the prices of shares down.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, May 28.

The Southern Pacific Railroad of which E. H. Harriman is the president, is withholding 3,000,000 acres of valuable land from settlement, and in spite of the demands of the government, refuses to carry out the terms of the agreement by which it originally got the land. President Roosevelt is having almost daily conferences with Senator Bourne, of Oregon, over the matter, and if it is possible the federal statues will be invoked to make the railroad let go its grip on the land. These facts, made public by Senator Bourne today, explain the long series of mysterious visits the Senator has made at the White House. "The railroad company was given an original grant of six millions acres of land," said Senator Bourne, "and promised to sell it off in homesteads at $3 an acre. Instead of doing that, it sold a great deal of it off in large parcels at $15 an acre, and now, for several years, has been holding 3,000,000 acres which it flatly refuses to sell at any price. It looks as though it expected to make a good speculation out of the proceedings. In the meantime, the progress of the whole great territory to the Southern Pacific lines is held back and the business of the Pacific slope suffers."

Complaint will be made to President Roosevelt by President James L. Feeney, of the Bookbinders Union, against the action of Public Printer Stillings in dismissing all the officials of the union from the government printing office. It is charged that Mr. Stillings has dismissed, in addition, the men who made up the arbitration committee and those who composed a delegation that recently told the President that the Public Printer had been discriminating against the union. The dismissals are among the 300 removed, according to a statement by Mr. Stillings, on account of the lack of work. Feeney charged today that Stillings was an enemy of organized labor. He threatens to make a political issue of the dismissals, if the President fails to interfere when the case is once brought to his attention.

At the Brownville investigation today Captain Hansen E. Ely, of the 26th, infantry, testified that in his opinion the colored soldiers were guilty of shooting up the town. Upon cross examination by Senator Foraker, the witness was given two shells and asked to pick the Springfield one. Captain Ely guessed wrong, to the amusement of the committee. He stated in answer to questions that a rifle, if swabbed immediately after having been fired could be cleaned in three minutes and could be done just as well in the dark as in daylight, so as to pass inspection.

As the end of the government's fiscal year approaches, the size of the treasury surplus becomes fairly astounding. With less than two weeks remaining of the eleven months, the excess of receipts over expenditures is slightly short of $62,000,000, as compared with less than $4,000,000 for the same period of last year. If the same rate of increase should be maintained for the remainder of the year, less than six weeks off, it is believed that the surplus willreached $70,000,000. The figures of yesterday, as compared with the same date of last month, are a good representation of conditions. Customs revenues were a hundred thousand less, but the increase in internal revenue and miscellaneous made the excess of receipts over expenditures almost $470,000 as against a defiency of over $147,000 on April 27, and a deficiency of over $150,000 a year ago.

Floyd Pegg, the cowboy from "101 Ranch," Bliss, Oklahoma, who made a wager that he could ride from Chicago to Washington on his pony "Cheyenne" within three weeks, called at the White House at noon today to tell the President he had lost his bet. The time limit for Pegg's performance was 7 p. m. yesterday. At that time he was at Rockville, Md., trying to gain shelter from a thunder storm.

Plans are being worked out by the Navy Department for a programme of extensive naval maneuvers to be held on the Great Lakes this summer, the participants to be the vessels of the different naval militans, under the leadership of the U. S. gunboat Wolverine. The programme calls for maneuvers of the Atlantic fleet in minature.

The recent attacks on Japanese places of business by mobs in San Francisco were discussed at the Cabinet meeting today. District Attorney Devlin, who had been instructed by the Departmet of Justice to investigate, sent a long report by telegraph, which was received this morning. Attorney General Bonsparte took it to the White House when he went to the meeting. It is understood also that Gov. Gillette has replied to Secretary of State Root's telegram of inquiry.

In the police court today, the case against Col. Charles A. Edwards, Secretary of the democratic congressional committee, charged with assaulting Alejandro Garland, attache of the Peruvian legation, was indefinitely postponed, owing to Garland's failure to appear as prosecuting witness.

Must Face Virginia Charge.

Justice Wright in the District of Columbia Supreme Court, yesterday, acting upon the requisition of Gov. Claude Swanson, of Virginia, issued an order delivering Charles Wiliams, colored, into the custody of James E. Armstrong, a deputy sheriff of Fredericksburg. Williams is wanted by the Fredericksburg authorities to answer the charge of obstructing an officer in the discharge of his duty. Through Williams' interference, it is said, a noted criminal made his escape December 28, 1906. Since that date the State authorities have been scouring the country for Williams. A few days ago he fell into the clutches of the Washington detectives for the minor offense. From letters on file at headquarters they learned the negro was wanted elsewhere.

Attacked by Japanese.

Three Japanese were arrested in San Francisco yesterday for a murderous assault on Horace Hazall, a dentist, and Randolph Merriwether, an electrician. The two white men were on their way home when they claim a crowd of Japanese passed them. One of the Japs shouted: "Where are you going?" and without waiting for an answer they drew knives and attacked the men, hacking them so fiercely that it is feared they will die. The police believe that the Japanese attacked the two men because they believed that Merriwether was concerned in the sacking of a Japanese restaurant last week. In this attack Merriwether's cousin was involved.

Alleged Elopers.

Newark, N. J., May 28.—Harry Nyegnard, 29 years old, who has a wife and three children living at Little Neck, L. I., and who says that he is a deputy sheriff of Queens county, New York, and Mrs. Mattie Baker, 26 years old, the mother of two children, were arrested in this city early this morning on complaint of the woman's husband, Anthony Baker, 23 years old, and locked up. The couple, it is said, eloped from Little Neck two weeks ago, the woman taking her two year old child with her and leaving her 9 months old daughter with her husband. It is said Nyegnard left his wife and family penniless. Anthony Baker, the woman's husband, came to this city last night in response to a letter from his wife, who said that she was penitent and wanted to return to him and her baby. She said that Nyegnard had threatened to kill her and himself and she pleaded with her husband to come and get her as soon as possible.

New York Stock Market.

New York, May 28.—After temporary weakness at and a few minutes following the opening, the stock market became strong on buying of shorts and good buying by important local interest and made material gains during yesterday's closing. There was no special reason ascribed for the recovery. Government bonds unchanged; other bonds lower.

Senator Daniel, in a communication to the New York World, warned the democracy against being either too radical or too conservative and advised choosing the best man available, regardless of section.

Mariano Cancellier, editor of La Trinacria at Pittsburg, Pa., had a narrow escape from death at the hands of a would-be-assassin today. The stilletto with which he was attacked just grazed the skin over the jugular vein. A young Italian who is unknown to the editor made the attack.

Delphin M. Delmas, fresh from his encounter with District Attorney William Travers Jerome, of New York, in the trial of Harry K. Thaw, is to defend Louis T. Glass and Theodore V. Halsey when they are tried in San Francisco for giving bribes. A dispatch from London says that President Roosevelt is held responsible with the socialists of Great Britain and the French officials who are urging the adoption of an income tax for the present unstable market conditions by Rochtschild.

WEST VIRGINIA TO PAY HER SHARE.

As was stated in the Gazette, the State of Virginia won in the Supreme Court of the United States the first preliminary skirmish in the battle between Virginia and West Virginia over the payment of that portion of the state's debt which Virginia has always claimed West Virginia should have assumed when she seceded from the Old Dominion. Chief Justice Fuller overruled the demurrer of the State of West Virginia to the suit brought by the State of Virginia in the Supreme Court to make West Virginia pay her share of the indebtedness. The demurrer was overruled, however, without prejudice as to any question and leave was granted to file an answer on or before October 14.

The demurrer claimed that the Supreme Court had no jurisdiction in this matter. Chief Justice Fuller, in a lengthy opinion, after an elaborate review of the history of the case, took very decided grounds that the Supreme Court had ample jurisdiction.

While Chief Justice Fuller's opinion dealt necessarily with the question presented by the demurrer, he dealt somewhat with the merits of the case. After asserting the jurdiction of the court he took up the question of the amount involved, saying:

"When the court has ascertained and adjudged the proportion of the debt of the original state which it would be equitable for West Virginia to pay, it is not to be presumed on demurrer that West Virginia would refuse to carry out the decree of this court. If such repudiation should be absolutely asserted we will then consider by what means the decree may be enforcel.

The constitution of West Virginia when admitted into the union contained the provision:

"An equitable proportion of the public debt of the Commonwealth of Virginia prior to the first day fo January, one thousand eight hundred and sixty-one, shall be assumed by this state and the legislature shall ascertain the same as soon as may be practicable and provide for the liquidation of the same by a sinking fund and redeem the principal within 34 years."

The total amount involved is about $17,000,000, or one-third of the old debt of Virginia.

Mexico and Guatemala.

Mexico City, May 28.—War between Mexico and Guatemala has been further removed by the action of President Caberera in sending to the court for review the cases of the 19 suspects convicted of conspiracy and sentenced to death. It is predicted this will result in acquittal for the alleged conspirators.

Deed of Demented Woman.

Chicago, May 28.—Philoment Swinnin shot and killed her mother, tried to kill her father and then set fire to her own clothing and was burned to death early today. The woman was demented. She had been recently released from an asylum to keep house for her aged parents.

Machinists Strike.

Decatur, Ala., May 28.—The Louisville and Nashville railroad machinists struck today on the refusal of the company to recognize their union. A strike is expected in the shops affecting 2,500 men. Several hundred strike breaker have arrived.

Charge Against a Minister.

Salem, Mass., May 28.—That something besides a love of experiment led Rev. Charles H. Puffer and his wife to make the trial divorce "agreement," so widely noticed three months ago, was evident today when it became known that Rev. Puffer has just been made defendant in a $25,000 alienation suit. The action is brought by E. A. Empy, of Salem, who charges that Puffer lured away the affections of his housekeeper. The members of the Universalist Church, of which Dr. Puffer is pastor, still profess their confidence in his integrity, and characterize his "trial divorce" experiment as a mere eccentricity that will right itself. By their agreement the Puffers have bound themselves to separate and wait three years, at the end of which time either may sue for divorce if they feel so inclined.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W, F. Creighton and Gibson & Timberman.

The Double Tragedy at Munson's Hill.

Civil suit for damages, probably in the sum of $5,000, will be instituted within a few days against the estate of Silas Putnam, on behalf of the children of Mrs. Emma Beavers, who was shot down by Putnam at the latter's home at Munson's Hill, a short distance northwest of this city, last Saturday night.

Miss Elizabeth Beavers, sister-in-law of the murdered woman, in company with relatives, yesterday visited Fairfax county courthouse and held a consultation with Judge Louis C. Barley concerning the proposed suit. She also made arrangements for the appointment of an administrator for her sister's estate, and a guardian for the children.

It is said that Putnam's estate is worth approximately $15,000.

Putnam's house at Munson's Hill is valued at about $6,000. He also owned considerable real estate in Alexandria, and is said to have had several thousand dollars in one of the Alexandria banks. Mrs. Beaver's refusal to marry him, which resulted in her tragic death, was because he would not deed over to her children one-third of his estate.

Mrs. Beaver's body will be sent to Manassas this evening.

Last night Miss Beavers took little Nathan to view the remains of his mother in the establishment of a Washington undertaker where they had been taken. When the little fellow was shown into the somber room in which his mother lay he began to sob, but a moment later, when the electric lights were turned on and he caught a glimpse of her still features, he muttered a cry of delight and sprang toward the bier. "Mamma is asleep," he murmured as he laid his chubby little hand on her cold face. "But she will soon wake up," and he laughed joyfully. He did not want to leave, and it was only after the assurance of his aunt that he might see his mother again that he was led away.

Since the news of the tragedy became known in Washington, Miss Beavers has been besieged with offers by prominent people to adopt the little orphans, but Miss Beavers says she will not let the children accept such homes.

The funeral of Putman took place yesterday afternoon at Falls Church. The services were conducted at the grave by Rev. J. L. Kibler, pastor of the Southern Methodist Church of Falls Church.

The Loving Case.

Judge W. G. Loving was not indicted at Lovingston yesterday for the murder of Theodore Estes for alleged mistreatment of Loving's daughter. Because Judge Gordon asked to be relieved from sitting in the case, and because Judge Barksdale, of Houston, who has been assigned to the case, cannot be present until today, the grand jury was adjourned until then.

Judge Loving drove from Oak Ridge to the courthouse, reaching there shortly before 10 o'clock. He was accompanied by his attorneys.

The defense has not yet indicated what it will do upon the indictment of Loving, but a motion for a change of venue is expected.

A long conference was held between Judge Loving and Attorney R. Walton Moore, at the former's house, during which, it is said, the case was discussed from all view-points. The friends of Judge Loving intimated that a warm plea of the unwritten law would be resorted to in an effort to clear the defendant.

Prosecution Attorney Whitehead and his associatate, Mr. Harmon, are firm in the belief that they will be able to show that there was absolutely no cause for the shooting and for taking the life of young Estes.

Miss Elizabeth Loving, the daughter of Judge Loving, whose buggy ride with young Estes led to the shooting, did not come to Lovington. Like her father, she has remained at Oak Ridge ever since the homicide, and will probably not leave her home until the day for the trial, when she will be called to the witness stand.

The Commonwealth will fight very bitterly the motion for a change of venue and will have 100 witnesses to say that in their opinion the defendant can get a fair trial in the county. If change of venue is granted the case probably will be tried in Halifax county, making a delay of several weeks at least, and possibly until the next term.

The Cold Wave.

A heavy gale from the west prevailed on Lake Erie yesterday, the wind blowing at the rate of 50 miles an hour. On Sunday night the temperature at Cleveland, Ohio, dropped 42 degrees, or from 78 to 36 above zero. There were snow flurries in Cleveland during the day.

Heavy frosts were reported throughout Nebraska Sunday night.

Snow was reported from all over the lower peninsula of Michigan yesterday, with a veritable winter blizzard prevailing over the Saginaw Valley.

Dispatches from Reading, Pa., say that the thermometer touched close to the frost mark in the Schuykill Valley during Sunday night, It was as low as 38 degrees.

Northwest Missouri was visited by a damaging frost Sunday night.

Baltimore and Ohio Railroad trainmen report a heavy fall of snow at Sand Patch and Confluence, on the Pittsburg division, early yesterday morning.

Frost Sunday night was general over Kansas, with the temperature in many places in the State reaching 30 degrees.

Fate of Little Francis Malloy.

The mystery of the fate of little Francis Malloy, of Wilmington, Del., whose case was second in interest only to that of the Marvin boy, was solved yesterday afternoon when his dead body was found floating in the Brandywine river. The place where the body was found is only a short distance from a trolley road bridge on which he was standing when last seen alive, and it is supposed that the little fellow fell into the river and was drowned. There were no marks of violence on the body, and there is no suspicion of foul play.

The term of the United States Supreme Court for 1906-7 came to a close yesterday. The court will not convene again until October 14.

Wright Respited.

Special Dispatch to the Alexandria Gazette.

Governor Swanson today granted a respite of ninety days to John Wright, the negro sentenced to hang for criminal assault in Alexandria county. Wright was to be hung next Friday. The Governor desires further time to examine into the case.

State Board of Education.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., May 28.—The State Board of Education will tonight, in all probability, elect Edmund Pendleton, Editor of the Richmond Evening Journal, a member of the State Library Board to succeed Charles V. Meredeth, whose term expires July 1. Mr. Pendleton is opposed to the retention of Kennedy as librarian.

True Bill Against Judge Loving.

Lovingston, Va., May 28.—With the "unwritten law" as his defense, Judge W. G. Loving, manager of the Ryan estate, will be brought to trial today for the murder of Theodore Estes on April 24 last.

The accused will assert his motive for the crime that Estes drugged and wronged his young daughter, Elizabeth, reputed to be one of the most beautiful girls in Virginia.

On the afternoon of April 22 Estes and the girl went for a buggy ride. When they returned late that night Miss Loving, it is said, was stupified with drink. Estes said she had asked him for a drink of whisky. It is said that Miss Loving's version of the occurrence is that Estes invited her to drink the whisky, and that she remembered nothing more until she awoke to find herself in bed at the home of T. W. Kidd, whose guest she had been when Estes invited her for a ride. For two days Miss Loving remained at the Kidd home and then returned to the Loving house. It is said she made a statement to her father, the nature of which caused Judge Loving to take his shotgun and go in search of Estes, and upon meeting him, without a word of warning, shot him through the head and breast.

The Loving faction claim that Judge Loving did right in killing Estes, while on the other hand Estes' friends claim that in killing Estes Judge Loving avenged a wrong never committed; that he acted with undue haste, failing to take the proper precautions to ascertain the truth before starting out on his errant of vengeance.

Though not openly admitted, it is believed that Miss Loving will be the principal witness for her father, and it is stated that she will go on the stand and tell of the wrongs committed on her by Estes and will bear out the judge's contention that he killed Estes "in a case involving the honor of womanhood."

The chief counsel for the accused will be "Jack" Lee, the Lynchburg lawyer who successful defended the Strother boys. He is a fighter, and his reputation, when the "unwritten law" is involved, is high throughout the country. Prosecuting Attorney Whitehead will prereat the case for the State.

Lovingston, Va., May 28.—A true bill has been returned against Judge W. G. Loving, for murder by the grand jury. It is the same jury that was dismissed yesterday that reconvened this morning. They were in session less than an hour and heard but three witnesses, the two negro laborers who saw the shooting and Dr. Tunstall, who examined young Estes's body. After some brief argument the defendant was arraigned. The indictment is in the usual form and Judge Loving while it was being read stood perfectly erect and cool, looking steadiastly in the face of the clerk.

The grand jury examined three witnesses, two negro laborers who saw the shooting and Dr. Tunstall, who examined the victims body. The defendant was arraigned and the indictment read, Judge Loving facing the court calm and apparently unruffled.

Strike Situation in Cuba.

Havana, May 28.—The strike situation at Santiago is much more serious today, according to advices from there, owing to the fact that anarchists are taking a leading part in directing the movement.

Among the anarchists are several Italian and Spanish miners who quit work at Daiquiri. It is feared they have dynamite with them, and the possibility that it may be used to destroy the piers or lay mines to blow up the police and rural guards has caused the greatest alarm.

Nothing has been accomplished as yet through arbitration, as several of the men suggested as arbitrators are not satisfactory. Two clashes between strikers and officers occurred yesterday, and in each instance the strikers fired on the rurals. Several strikers were badly beaten by officers, however.

Today fully 1,000 soldiers are guarding the city. Many citizens are also arming themselves in anticipation of a general outbreak. Business has been paralyzed by the strike.

Guarding Art Treasures.

Rome, May 28.—Extraordinary precautions have been taken by the government to prevent American million aires from carrying off art treasures. In the last few years so many have fallen into the hands of wealthy men from America, who have sent them across the sea, that this step has been forced on the government. The influx of collectors who can afford to pay any price also has made especial vigilance necessary this year to prevent the smuggling away of art works. Orders were recently given that on all the treasures exhibited at the exhibition should be a credit mark by which they can be recognized. Close watch was also kept over every article placed on view.

A vessel with 4,000 dozen pineapples arrived at Baltimore yesterday from the West Indies.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Lured to His Death by a Woman.

New York, May 28.—A woman is said by the police to have lured to his death Father Kaspar Vartanian, the Armenian priest whose body was found stuffed in a trunk in a west Thirty-seventh tenement house. Robbery is also asserted to have been the motive for the crime, although many Armenians cling to the belief that the priest was the victim of an Armenian political society. In tracing the priest's movements the police say they have learned that Vartanian was with a woman, and a man who answers the description of one of his suspected slayers was seen near the ferry heading for New Jersey on Wednesday. Five hours later the trunk in which the body was found reached the Thirty-seventh street house. The police believe the woman was used to lure the priest to Jersey and that the murder was committed there. Armenian friends of the priest have declared that he probably had $2 000, beside a valuable jewel in the silk bag he carried. This has caused the switch to the robbery theory.

Jersey City, N. J., May. 28.—Three Armenians arrested on Grand street this morning are held by the local police on suspicion of being connected with the murder of Father Vartanian, the Armenian priest, in New York. The prisoners are Gus Kerys, William Kareres, and Peter Kalangy.

Conditions in Russia.

St. Petersburg, May 28.—Russia is on the verge of a fresh revolution, owing to the positive refusal of the government to sanction the agragrian programme for the compulsory appropriation of land. It is expected the storm will break with even greater violence than was manifested a year ago.

The peasants in every section of the country are determined to secure land. They are convinced it is their only chance to make a living. Nothing less than the appropriation of all estates will satisfy them.

When Premier Stolypin announced to the Douma that the government will never consent to compulsory appropriation, it is believed it will bring about a greater storm than any Russia has yet seen. The peasants have only held back because they believe the Douma could secure land for them. Now there is nothing to restrain them. News travels slowly in Russia, but in the few days since the government's position was made plain there has already been an increase in agragrian disorders. Revolution has only been slumbering in a dozen provinces and it is expected the action of the government will fan the flames into life. In another month, it is expected, Russia will be torn from one end to the other with internal strife.

Campaign of Assassination.

Hong Kong, China, May 28.—Even worse disorders than those reported yesterday are said to continue at Wong Kuong and Pakhoi. The Triads are continuing their campaign of assassination against all civil and military authorities. Practically the whole neighborhood in the vicinity of Swatow has been involved in the uprising.

Riots have occurred at Cheung-Lama and Tung-Chung, in the Ching-Hoi region, and the inhabitants have fled by the thousand to Swatow for safety. The latter city is overrun with refugees from the disordered districts.

Resistance to the collection of taxes is said to have caused the uprising, and the spite of the revolutionists was vented on the authorities as being responsible for the effort to make the people responsible for part of the government tax.

The rebels far outnumber the soldiers sent against them, and it is doubtful if the troops now in the disturbed district can restore order.

Funeral of Mrs. McKinley.

Canton, O., May 28.—President Roosevelt will stay in Canton tomorrow only long enough to attend the funeral of Mrs. Ida Saxton McKinley. As soon as it is over he will leave for Indianapolis. The President, with Secretaries Root and Wilson, of President McKinley's old Cabinet, and Secretary to the President Loeb will arrive at 12:40. Vice President and Mrs. Fairbanks will also attend the funeral. The body was on public view from 3 to 5 p. m. today at the residence. Business and schools will be discontinued during the funeral hour and buildings will display flags at half mast. Work on the McKinley memorial will be stopped for the day. The detachment of regular soldiers on guard at the tomb will act as a guard for the President and may be detailed for duty at the house. Ohio state officials will attend in a body.

Kuroki in Chicago.

Chicago, May 28.—Baron Kuroki and his retinue of diminutive heroes of the Russo-Japanese war, accompanied by American military attaches and the representatives of packers, visited the mayor and city officials today and were whirled to the stock yards in big automobiles. Before the start the Baron received visitors at the auditorium. After an inspection of the yards the Japanese took lunch at the Saddle and Spur Club. This afternoon and night will be devoted to automobile rides through the parks and supper at the residence of Consul Shimizu. On Wednesday a flying trip to Milwaukee will be made. Thursday and Friday are to be occupied with a reception. The Baron and party will leave Saturday for Seattle.

Want Export Tax on Raw Tobacco.

Havana, May 28.—Should Governor Magoon accede to the request to place an export tax on raw tobacco, Americans will have to pay more for Havana cigars. General Carlos Garica Velez, a prominent politician, it is at the head of the movement to put a tax on raw tobacco. He claimed that Cuba's tobacco manufacturing industry was being rapidly destroyed, over 70,000,000 less cigars being manufactured now than were in 1900. He declared that if an export tax is placed on the raw material, factories which have moved from Cuba would return. He claimed that the raw tobacco was sent to foreign countries where it was blended with inferior tobaccos and the cigars made from this combination were sold as genuine Havanas.

Murder and Suicide Pact.

Kalamazoo, Mich., May 28.—A murder and suicide pact in which a mother 71 years ago is thought to have agreed that her son should take her life and then his own, developed today when it became known that Wm. McKie, for many years a prominent druggist here, had murdered his mother and committed suicide in Bright, Ontario. McKie, who was in difficulties, left here last week and went to the home of his mother, Mrs. Jennie McKie, in Bright. Neighbors witnessed the affectionate greeting between the two. Neither mother or son was seen again until yesterday afternoon when the house was broken into. The bodies of McKie and his mother were in the house.

Jumped His Bail.

Boston, May 28.—Police authorities all over the country were notified today to watch out for Robert G. Proctor, former secretary to United States Senator Lodge, who has jumped his bail while awaiting sentence for larceny. Proctor, so the two courts found, put in his own pocket $250 contributed to the republican State campaign committee by a Boston contractor, who in return expected to get a consular appointment. The campaign fund committee never got the money or the contractor the appointment. When Proctor did not answer to his name yesterday his bail of $500 was declared forfeited.

The President's Trip to Mount Vernon.

President Roosevelt, Mrs. Roosevelt and Miss Ethel Roosevelt, and Postmaster General Meyer, Capt. Fitzhugh Lee and Orderly McDermott, who accompanied them, had an uncomfortable experience yesterday afternoon durng their trip on horseback to Mount Vernon. Ominous clouds were banked up in the western heavens when the party mounted their horses at Franklin and Royal streets, while muttering thunder was heard. Shortly after the tourists had passed over Hunting creek bridge the storm broke at a point on the road where no nearby shelter was available, and the party spurred their horses on. The first house which attracted their attention was that occupied by Mr. A. E. Smoot, of this city, about three miles south of Alexandria. The door was immediately opened to them, and everything possible done to make the guests comfortable. The storm had in the meantime become fierce. There was a high wind, a deluge of rain, some hail vivid lightning and heavy thunder. The President and those with him had been drenched before they reached Mr. Smoot's house. After the rain had ceased, the party proceeded on to Mount Vernon, arriving there about 2 o'clock. Here Colonel Dodge, the superintendent of the grounds gave them a cordial welcome and showed them over the grounds. Lunch was served in the old house used as a kitchen on State occassions in colonial times, but now occupied as a dining-room. The guests were ready to start on the return trip at 3:30 o'clock, but again a rain set in and delayed them for 15 minutes. They reached Franklin and Royal streets about 5:20 o'clock where the car "Mount Vernon" was waiting for them. A number of people were assembled to welcome the President, who bowed his acknowledgment as he did also to many on Royal and King streets over which the car passed on its way back to Washington. The party reached that city about half an hour later.

Yesterday's Storms.

The storms of yesterday afternoon in this city and vicinity were very severe, and the high wind, hail and rain did considerable damage in some places. At Hooff's run, upper King street, the heavy rainfall caused a greater flood in that locality than at any other time during the past ten years. A few trees were prostrated by the wind, and the hail in some instances caused damage, especially to hot houses on the outskirts of the city and in Alexandria county. In some places in the county hailstones virtually ruined growing crops. People who arrived here today from lower Fairfax county say the rain fell in torrents. Cameron run was greatly swollen, the water, which was two feet deep, having spread over an area of one hundred yards at the north approach to the bridge. Reports from along the line of the Southern Railway represent the storms as having been very severe with much hail. The storm did some damage in certain parts of Washington. A northwest wind followed the second rainfall, after which the temperature began to fall, and by night a cold wave had settled over this section. The mercury this morning at 7 o'clock stood at 48°.

Birthday Celebration.

Master William Sullivan last evening celebrated his sixth birthday at his parents' residence No 116 north Patrick street. After indulging in games until a late hour, the young people retired to the dining room, which was tastefully decorated in green and white, where seasonable refreshments were served. Master Sullivan's presents were numerous and handsome. Among those present were Master Clarke Vernon and sister of Washington, D. C., Master Julian and Blair Ballenger, Willie Cooke, Master Berryman, William, Earle, and Jack Sullivan, Misses Francis Ballenger, Catharine Brannon, Ivy and Helen Beach, Martha Mason, Mabel and Ruth Hillery. The little folks left for their homes much pleased with the evening's enjoyment.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Charles Bell, colored, charged with stealing brass from the Southern Railway Company, had his case continued.

Benjamin Motley, colored, charged with refusing to work on the chain gang, was turned over to Overseer Mason wth the understanding that should the prisoner fail to work an additional sentence will be imposed upon him.

Jane Grey, colored, charged with failing to pay a balance on a license, was dismissed upon settling the same.

Midgets Hopeful.

Geo. Midgets, who was convicted of the murder of Chas. T. Smith in Alexandria, is still in jail here and has great hopes of being cleared if he gets a new trial. He intends to ask through his attorneys for a change of venue and expresses the desire of having the case removed to the Corporation Court here. It is more than likely that a change of venue will be granted, as the law provides for that where the military has to be ordered out for the protection of a prisoner. If a new trial is granted, it will probably occur here.—[Fredericksburg Star.

Satchel Stolen.

A satchel belonging to Mrs. S. E. Starnell, contsining a five dollar gold piece, some small change, some papers and a pair of gold-rimmed eye-glasses, was stolen from her son's residence, southeast corner of Prince and Patrick streets, last Saturday night. The papers were found in the yard. A bottle containing a preparation used for sprains was also carried off. The basis of the lotion is whisky, which it is hoped the thief will drink, as its effect upon him may tend toward his identification.

The name of the postoffice at Belair's Alexandria county, has been changed to Clarendon, with William H. Suite as postmaster.

Negro Ran Amuck.

A negro named Ferguson, who seemed to be under the influence of cocaine, caused some excitement at the Potomac railroad yard, north of this city, yesterday. He had been loitering about the yard for some time acting in a strange manner and running the risk of being run over by moving trains, when he suddenly jumped on a locomotive, pushed the fireman aside and attempted to perform the latter's duty. He, however, soon left the engine and began to prowl about the tracks when an official warned him of his danger from cars making flying switches. The negro at this juncture became infuriated, and picking up a brake bar made an assault on the official and the latter was compelled to run from his assailant. A brakeman who was standing in the path on which the negro was running struck him with his fist but failed to knock him down, and grasping a coupling stick he dealt the darkey a blow on the head which felled him to the earth. Ferguson lay unconscious for some time, but he finally revived and had his head bandaged by some employees at the yard. The negro proceeded to a store in the neighborhood where his conduct toward a lady became so obnoxious that the proprietor seized a heavy weight and was about to hurl it at Ferguson's head when a bystander, who was acquainted with the negro's former action, interceded and convinced the storekeeper that the negro was irresponsible. The latter subsequently strayed out of the neighborhood.

Invitations.

We have received from Dr. L. M. Blackford, principal, an invitation to attend the commencement exercises of the Episcopal High School of Virginia, near Alexandria, to be held at 3 p. m. Wednesday, June 19, at Liggett Hall.

We have also received from the Sisters of the Holy Cross an invitation to be present at the thirty-ninth annual commencement of St. Mary's Academy, which will be held Wednesday afternoon, June 12, at 3:30 o'clock, at Lannon's Opera House.

We have received an invitation from the officers of the Upperville Colt and Horse Club to attend the horse show to be given by that club on June eleven and twelve.

A complimentary musical and literary entertainment under the auspices of Alexandria Divison, No. 1, A. O. H., will be given at the Young Men's Sodality Lyceum Hall on Sunday, June 2nd, at 8 p. m. The orator of the evening will be Judge J. T. Kelley, National Director, of Milwaukee, Wis. We have received an invitation to be present.

A Night in Dixie.

Preparations for "A Night in Dixie," to be given at Lee Camp Hall tonight under the auspices of the Seventeenth Virginia Regiment Chapter, United Daughters of the Confederacy, have been completed and the entertainment promises to be one of the most delightful ever given by that organization. One of the features will be a drill by forty children under the direction of Miss Blanche Rotchford and popular southern songs will be sung by Mr. George H. Evans, Mr. Kenneth Ogden and others. Miniature socks have been distributed by the members of the chapter and those who have not received them can procure them at the door. In these socks each person attending is supposed to place five cents for each foot of his or her height and a penny for each additional inch.

Political.

The congressional primary is but three weeks off from tomorrow and all four candidates are exerting themselves in the canvass to their utmost. Messrs. Gordon and Ryan were in this city today and both left this evening for Loudoun where it is said the fight will wax warm from now on. Each of the four candidates expresses confidence in his election and gives figures to prove his claim. Certainly the situation is complicated and no one seems sure of the winner.

Rechabites.

The meeting last night of Perseverance Tent, No. 1089, Order of Rechabites, was well attended. Addresses were delivered by several members. Two candidates were initiated. The second annual grand rally of the tent will be held June 16 in the Methodist Protestant Church. Rev. G. I. Humphries, pastor of the church, will deliver an address on the principles of the order. The annual outing of the tent will occur June 7 at Luna Park.

Declaiming Contest.

At the annual declaiming contest at the Episcopal High School, near this city, last night, the winners were Mann Page, of Colorado, and Douglass B. Williams, of West Virginia. There were nine entrees. The judges were Dr. Robert M. Slaughter and Messrs. James Gibson, C. Clingman and W. Williams. The successful contestants in the event were also the winners in the annual reading contest on Saturday.

Suicide.

Mr. Elisha Berry, a well to do and prominent farmer, living near West Falls Church, Fairfax county, committed suicide at his home this morning by blowing the top of his head off with a shot gun. Mr. Berry lived with his wife and son and no cause is given for his rash act, other than that he had been in ill health for the past few years. He has a wide circle of acquaintainces in Fairfax county.

That Road.

The description of the road which the President took from this city to Mount Vernon yesterday as described by the Washington papers sounds strange to the people of this vicinity. In fact, the road over which the President rode was not opened in Washington's time, and as to going through the Pohick neighborhood to reach Mount Vernon from Alexandria it is certainly a long way around.

Anniversary Celebration.

Epworth League of Trinity Methodist Episcopal Church will hold their anniversary celebration at the church next Friday night at 8 o'clock. The principal address will be delivered by Rev. Dr. J. W. R. Sumwalt, the presiding elder of Washington district. A musical programme has been arranged for the occasion.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis., simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze Stage." For a seated cold or LaGrippe, break it up safely with Preventics. Sold by E. S. Leadbeater & Sons.

Baltimore's City Engineer.

There is one appointment Mayor Mahool will be called upon to make which is causing him much concern. It is that of city engineer. The democratic organization is solidly opposed to Mr. Fendall, who is filling that position, and, although no open fight is being made against the incumbent, the mayor is aware of party sentiment. Mr. Fendall has the support of an element belonging to the independent wing, which includes Messrs. Marbury and Bruce, and the members of this combination insist upon Mr. Fendall's appointment. The democrats have lined up behind Mr. Raleigh Thomas, now city surveyor, and are urging his appointment. They claim he is as competent as Mr. Fendall. The backers of Mr. Fendall insist that their man is more experienced and has made a record which entitles him to consideration.—[Baltimore American.

Mr. Fendall is a native of this city and his many friends here hope that Mayor Mahool will reappoint him to the position which he has so ably filled for many years.

Personal.

The condition of James Pulman, the twelve-year-old son of Mrs. Kate and the late Sidney Pulman, who was recently operated upon for appendicitis at the Alexanpria Hospital, is said to be serious.

Mrs. G. W. Henderson has gone to Alabama to visit her daughter, Mrs. Lennie Baker.

Mrs. W. H. F. Lee, of Ravensworth, Fairfax county, is expected to arrive in Richmond Wednesday and remain during the Confederate reunion. She will be the guest of Mrs. Benjamin Nash, of No. 809 west Franklin street, during a part of her stay.—[Richmond Times Dispatch.

Mr. J. S. Crupper will leave soon for Colorado where he expects to remain for some time.

Miss Bessie Russell has gone to Charles Town, W. Va., where she will spend the summer.

Fatal Accident.

Frederick Heyer, aged about 25 years, of Richmond, employed by the Bell Telephone Company in this city, fell from a pole at the northeast corner of King and Lee streets shortly before 3 o'clock this afternoon and was fatally injured. The unfortunate man was nearly on top of the pole, about 40 feet in the air, when he fell. He struck on his head, and those who witnessed the accident supposed he had been killed outright, but such was not the case, and he was placed in a wagon and taken to the Alexandria Hospital, where, however, he died in about ten minutes.

Wright Respited.

As will be seen by a dispatch from Richmond, Governor Swanson today respited for ninety days John Wright, colored, who was to have been executed in Alexandria county next Friday for assault. The Governor wants time to investigate the case.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

LOCAL BREVITIES.

The members of the police force were photographed today and the picture will appear in the book which Mr. A. J. Wedderburn is getting up to be circulated at the Jamestown Exposition.

Fertilizer Bulletin.

The State Board of Agriculture and Immigration has just issued a fertilizer bullet in number 36. This bulletin was printed in accordance with the regulations adopted by the Board at its meeting last April, and gave the farmer the information he desires more clearly than any previous issue of this publication. The principal requirements of the Board are contained in the following resolution, adopted by that body:

"Resolved, That all brands of fertilizer falling ten per cent below the guaranteed analysis, as shown by the laboratory determinations, shall be printed in the bulletins on a separate page, and that all brands falling below the guaranteed analysis, shall be printed in such bulletins in bold black face type, in order that they may be distinguished from the other brands."

The names of the brands of fertilizer that do not come up to their guarantee are now prominent in the bulletin and attract attention instead of having to be discovered by a close perusal of each page.

The bulletin is being mailed in Richmond, from the offices of the Department of Agriculture and Immigration, and is free to the farmers of the State.

Shot to Death by his Wife and Son.

Word was received at Parkersburg, W. Va., Sunday night of a horrible murder in Ritchie county, at a point near McFarland, in which a mother and her son are alleged to have slain the husband and father while he slept.

The victim of the murder was Harvey Yoho, a farmer who had resided in that vicinity many years, and his wife, Mary Yoho, and his son John are charged with the crime. According to the reports, Yoho after a quarrel with his wife, in which the son also participated, went to bed.

It is said that the mother and son had threatened to kill him before the "day was over," and no sooner had he fallen asleep than they stole to his bedroom and fired two shots from a revolver, one entering his head and the other his abdomen. Both son and mother gave themselves up to the authorities and are now in jail. They acknowledge the murder and say they are ready to pay the penalty.

Both say that they lived with Yoho as long as they could, having been subjected to all sorts of torture for many years. Yoho was the father of 10 children, all of whom are living.
